Commissioner McDonald, Commissioner Hajenga, Road Supervisor Roger Riley & Clerk & Recorder Amanda Kelly meet with Dan Rogers: Dan Rogers resident of Geyser, MT expressed his concerns with the 60' street width in Geyser and the plowing or (non-plowing) of snow this winter. Commissioner McDonald stated that the 60' street width was established when the townsite was originally platted. Commissioner McDonald understands the frustration of being stuck, however the county will not plow an area unless it is safe. If equipment cannot fit because of obstacles, they will not go into an area. It was explained that the only positive way to find the property line is to have a survey completed. The county will continue to maintain the streets when they can. However, keep in mind it is a courtesy. (Incorporated cities/towns don't even plow snow on all the streets)
